City To Provide Off-Leash Dog Areas In Three Parks In 2011

The City will offer off-leash dog areas within the hockey rinks at three City parks on a trial basis from May 1, 2011 to approximately November 1, 2011. The three parks where this activity will be offered include:

- Bucher Park – located in northeast Shoreview on Mackubin Street near County Road J
- Wilson Park – located in central Shoreview on County Road F east of Lexington Ave.
- Bobby Theisen Park – located in southern Shoreview on Vivian Ave south of County E

These three off-leash dog areas in City parks are intended to complement the large County-operated off-leash dog area located in the Rice Creek Open Space off of Lexington Avenue in northwest Shoreview. Dogs will be allowed to be off-leash only within the hockey rink areas at these three parks. The City will be providing benches and trash receptacles in each of these areas prior to the peak watering season. City staff will do a thorough evaluation of this new activity next winter to determine whether it should be continued or expanded to other parks.

Listed below are rules that pertain to use of these off-leash dog areas within the hockey rinks:

- Owners must insure that dogs are leashed prior to entering and upon leaving the area.

The City will offer off-leash dog areas within the hockey rinks of three City parks from May 1 – November 1.

- Owners must be in verbal control of their dogs at all times and prevent aggressive behavior, biting, fighting or excessive barking.
- Owners are liable for damage or injury inflicted by their dogs.
- Owners are responsible for cleanup and disposal of feces.

Shoreview Mayor Sandy Martin commented, “We are pleased to make these additional off-leash dog areas available to our residents in 2011. We ask that dog owners who use these areas be respectful of other users and clean up after their pets so we can continue this service in future years.”

Check out the City’s website for information and location maps for these new off-leash dog areas.

City of Shoreview Continues to Offer Home Energy Improvement Loans

The City of Shoreview is continuing to offer Home Energy Improvement Loans to qualifying residents and prospective homebuyers to encourage reinvestment and energy efficient home improvements in the community. The program was originally limited to eligible single-family homes, but due to inquiries from owners of townhome properties interested in undertaking energy efficient improvements, **the City Council and Economic Development Authority has now expanded the Shoreview Home Energy Improvement Loan Program eligibility to include qualifying townhomes.** The loans are offered through the HousingResource Center on behalf of the City of Shoreview for home improvements such as new roofs, and energy efficient upgrades to windows and doors, heating and cooling systems and water heaters.

The maximum loan amount is \$20,000 and the minimum loan amount is \$2,000 with up to 10 year terms. Residents who obtain a loan through this program could have all the interest reimbursed if they reside at the home for the 10-year period of the loan.

Established by the Shoreview City Council and Economic Development Authority, the Shoreview Home Energy Improvement Loan Program is made available without the use of general tax dollars but through special funding sources available for housing and development. With an initial allocation of \$300,000, the new loan program has been designed as a revolving fund so that the loan fund can be replenished through borrower repayments and additional loans distributed.

The Shoreview Home Energy Improvement Loan Program provides additional local incentives and fills a gap not currently provided by private lenders for those residents (or potential new residents) interested in upgrading older and more moderately priced homes that may be in need of basic energy efficiency improvements. Residents interested in the new Home Energy Improvement Loan Program can also leverage home improvements with bank loans and/or other available housing programs offered through agencies such as Ramsey County and the Minnesota Housing Finance Agency.

Loans are available to income-eligible owners of single-family detached and attached homes (such as townhomes), and also zero lot line single-family detached and attached homes, where the current market value does not exceed \$314,640. Income limits are based on household size listed above right:

Household Size	Income Limit
1	\$96,736
2	\$104,416
3	\$112,096
4	\$119,776
5	\$125,896
6	\$132,076
7	\$138,196
8	\$144,376

2009 Shoreview Median Household Income

The City of Shoreview contracts with the Greater Metropolitan Housing Corporation for the loan program to be administered through the HousingResource Center, a non-profit agency that currently serves Shoreview residents by providing free home improvement construction and financing counseling.

Residents considering energy efficient home improvements are encouraged to apply soon through this special loan program as funding is limited. For additional information on the Shoreview Home Energy Improvement Loan Program and other available resources, please contact the HousingResource Center – North Metro Office at 651.486.7401 or visit www.housingresourcecenter.org

Lake Johanna Fire Department Implements Service Improvements

The Lake Johanna Fire Department, which serves the cities of Shoreview, Arden Hills, and North Oaks, is in the process of implementing a new service model that will use paid on-call firefighters to fully staff two fire stations by the year 2016. The primary goals of this new service model are to improve response times to fire and other emergencies and to create a staffing model that will be sustainable and cost effective into the future. Lake Johanna Fire Chief Tim Boehlke also believes that this new approach to fire service will aid in the recruitment and retention of paid on-call firefighters.

Although the Lake Johanna Fire Department has used paid on-call firefighters during the daytime hours since the early 2000's, in April of 2010 they implemented a new service model to better serve residents of the three cities. The new model provides staffing at two stations weekdays from 8 am – 5 pm and Friday/Saturday evenings from 5 pm to 1 am. Under this service model response times to fire emergencies have improved significantly; and firefighters are also responding to all medical calls during hours when stations are staffed. Response times to fire and medical emergencies during hours that stations are staffed average approximately five minutes. This represents a two-three minute faster response than during non-staffed hours.

Chief Boehlke stated, "These improved response times can make a tremendous difference in fire emergencies since fires typically double in size every two minutes. During the past year alone, we have been able to significantly reduce and sometimes prevent serious fire damage to homes due to a faster response." According to Chief Boehlke, the Department has been responding to some medical calls such as cardiac arrests and accident with injury calls for the past few years, which requires firefighters to be certified as Emergency Medical Technicians (EMT's). The Department felt that responding to all medical calls during the staffed hours would provide a greater benefit to the cities they serve.

On April 3rd of this year, the Department further expanded its staffed station hours by adding Monday-Thursday evenings from 5 pm to 9 pm. The Fire Department estimates that between 70%-80% of all fire emergency calls and the vast majority of medical calls will now occur during hours that fire stations are staffed. Using paid on-call firefighters to staff stations is not a new concept according to Chief Boehlke. He commented that "there are several metro area fire departments that have implemented this enhanced service model and it is becoming a new standard in fire service."

Improved response times can make a tremendous difference in fire emergencies since fires typically double in size every two minutes.

Councilmember Terry Quigley, who serves as one of Shoreview's representatives to the Lake Johanna Fire Department's Board of Directors, stated, "Faster response times to fire and medical emergencies has already proven to be a tremendous service improvement for the residents of our City. I have great confidence that the fire departments well thought out plan to further expand this service in future years will benefit our community."

Building Permits Timelines Important to Know

The City requires that work on the exterior of a building be completed within a specified amount of time after the building permit is issued. This is to avoid deteriorating building materials from becoming eyesores. Single family and multi-family homes of 12 units or less, or any structure that is accessory to the residential use, must be completed within 180 days after the building permit was issued. Larger multi-family dwellings or commercial, industrial, office, institution or non-residential structures

must be completed within one year after the building permit was issued. There is a process for requesting an extension due to events such as a natural disaster which force unavoidable delays. Call the Community Development Department at 651.490.4680 for details.

7

Top 10 Reasons Not to Feed Wildlife

The Department of Natural Resources cautions residents that feeding wildlife, whether directly or indirectly, is never a good idea. While the intent is good, problems can arise from feeding wildlife.

1. It is illegal to feed wildlife.
2. Providing an artificial food supply can cause overpopulation which leads to starvation and epidemics of disease.
3. Wild animals have specialized diets and can die from the wrong foods.
4. Feeding causes wildlife to lose their natural fear of humans. These animals can become easy targets for people who want to intentionally hurt wildlife. In addition, there are people who are afraid of wildlife and may injure an animal in an attempt to defend themselves from a mistaken "attack."
5. Feeding wildlife, especially turkeys may lead to bold or aggressive behavior, especially in the breeding season.
6. Keep bird feeder areas clean. Use feeders designed to keep seed off the ground to prevent turkeys and wild animals from feeding.
7. Providing food in residential areas often leads to property damage and traffic collisions.
8. Feeding wild animals can result in over-browsing of local vegetation and ornamental plants.
9. Feeding wild animals can attract predators and increase the population of wolves and coyotes
10. Feeding wild animals can alter natural winter migration patterns, which leave the animals more vulnerable to severe weather conditions.

Run & Romp: Dog Fun Run/Walk

The Arden Hills/Shoreview Rotary Club presents the 12th Annual **Run & Romp** to support the Friends of Scouting campaign and the Ramsey County K-9 group. The annual Run & Romp, a "six-leg" event, (you and your dog), will be held on Saturday, May 7, at 10 a.m. at the Shoreview Community Center Pavilion

Participants can do a 7.5K run at 10 a.m. or a 4K or 2K at 11:30 a.m. beginning at the Shoreview Community Center Pavilion and following the trails of Snail Lake Regional Park. T-shirts for participants will be provided as well as bandanas and dog treats for dogs.

All proceeds go to the Ramsey County K-9 Foundation, and to the Healthy Youth Foundation for Rotary youth scholarships. Register online at <http://events.SignUp4.net/2011RunandRomp>.

Water Tower Project: What it Means to Residents

Shoreview's south water tower will be repainted beginning on April 18. This project is scheduled to be completed by July. The exterior of Shoreview's south water tower will be sand blasted and repainted and routine structural repairs will be completed.

The tower is located at County Road E and Victoria Street in the south end of Shoreview.

During this year's project, the tower will be out of service, making it important for residents to strictly adhere to the City's seasonal odd/even water use restrictions. The City's water supply levels will be diminished to low levels during this time and it is important for the City to continue to have adequate water levels for everyday in-home usages and fire protection.

Water Restrictions

Water use restrictions will be in place from May 15-September 15. Residents with even-numbered houses (last digit of house address) can water lawns on even-numbered calendar days and odd-number houses on odd-number calendar days. Exceptions to these restrictions include private wells, car washing, filling a children's pool, children playing in a hose-operated sprinkler or water toy and hand-held watering of plants and shrubs. Residents with newly sodded or seeded yards may obtain a two-week exemption by calling the Public Works Department at 651.490.4650.

The penalties for violations include:

- 1st Penalty Warning
- 2nd Penalty \$25
- 3rd Penalty \$50
- 4th Penalty Referred to the City Attorney for prosecution

Tips for Conserving Outdoor Water Use

Water before 9 a.m. or after 6 p.m.

If you sprinkle your lawn under the hot midday sun, you'll lose as much as 30 percent of your water to evaporation. Early morning watering prevents fungus growth. Watering early morning or late evening promotes deeper root growth.

Several short watering sessions are better than a single long one.

Most lawn sprinklers gush water faster than your turf can swallow. As a result, it's better to water your lawn for three 10-minute sessions - with each session a half-hour apart - than it is to water steadily for 30 minutes. Such "cycle irrigation" is easy to do if you have a programmable below ground sprinkler system.

Water only when it's needed.

The easiest way to tell if grass needs water is to walk on it. If you leave a trail of footprints in the lawn, it's time to irrigate. Frequent watering encourages shallow root growth, which leaves your lawn vulnerable to dry, hot periods.

Use mulch.

Cedar or pine bark mulch is a water conserving and decorative touch when spread around trees, bushes, and gardens. Mulch traps moisture beneath it, providing plants a longer, steadier water supply. In addition, mulch discourages weed growth and decomposes to become a rich source of natural nutrient.

Let your grass grow longer.

Longer grass requires less water. Allowing turf to grow 2-1/2 to 3 inches shields grass roots from the heat of the midday sun and prevents evaporation.

Yard Waste Collection Sites: Arden Hills & White Bear Township

Will accept trees and shrubs, leaves, grass clippings and other soft-bodied plant materials, (eg: corn stalks, pumpkin vines, sunflower stalks, weeds) most brush and tree waste. Stumps, roots and root balls are NOT accepted.

SUMMER RECREATION PROGRAMS

Registration is now open for all summer programs!

The following pages are just a sample of the summer programs Shoreview Parks and Recreation offers. For a complete list, visit our website at shoreviewmn.gov and download the Spring/Summer ShoreViews or pick up a brochure at the Community Center.

YOUTH PROGRAMS

Your kids are out of school and we have the programs to keep them active, safe, and engaged. Adventure Quest, our 8-week summer playground program, meets at a local park 3 days a week for school-aged children. Our energetic and highly trained staff will lead your child in a variety of arts & crafts, sports, group games, and creative play.

TENNIS & GOLF LESSONS

Tennis and golf are sports that can be played throughout one's lifetime. When proper technique and skills are learned at young age, it is embedded in muscle memory reducing the chance of injury and increasing the enjoyment of the sport. Lessons are offered for youth and adults.

SWIM LESSONS

Our swim lessons use a fun and imaginative approach to help students achieve swimming skills and water safety awareness. Our progressive lessons can take your child from their first experience in the water through the training required to be a lifeguard.

GROUP FITNESS CLASSES

Group fitness classes are a fun and social way to get and keep fit. Choose from a variety of classes: cardio, water, circuit, dance-based, strength, or yoga. Our instructors are the best in the industry and will help motivate you in a fun and energetic work-out.

SUMMER CAMPS

Our summer camp program has expanded to include sports camps and enrichment camps. Your child can improve their skills in their favorite sport, explore their creative side in our art or drama camps, and tap into their technical side in our computer camps.

YOUTH SPORTS

Join one of our youth sports leagues: soccer, baseball, or softball. These teams are coached by parent volunteers and play at parks located in Shoreview and surrounding communities. Our leagues focus on skill-building, sportsmanship, and fun.

SPECIAL EVENTS

Summer is the season for outdoor events. Youth can enjoy a puppet wagon show, the Adventure Quest Carnival, or sliding down the giant slip-n-slide at Commons Park called Wet & Wild. Families can relax in the outdoors listening to musical groups playing at the Concert in the Commons or watching a movie at Friday Night Flix. The Shoreview Farmers' Market is the best way to shop for fresh local-grown produce from June through October.

EASY 5 WAYS TO REGISTER

1. On-line payment by Visa & MasterCard only
2. Mail-in
3. Fax 651-490-4797 payment by credit card only
4. Drop-off
5. In-person

Swim Lessons Available!

Shoreview Parks and Recreation uses a fun and imaginative approach to help students create a lifelong love of swimming. Classes are designed to be progressive. At each level students will be introduced to a new skill and previously learned skills will be reviewed.

MAYER ARTS MUSICAL THEATER CAMPS

The mission of Mayer Arts is to not only provide training for those who are serious about learning but also to offer classes that are tons of fun! We teach proper technique, terminology, body awareness, and appreciation for the arts. Our goal is that students will not only find a love for the arts but also build healthy habits and self-esteem - skills that will be helpful to them for the rest of their lives. www.mayerarts.com

Sharpay's Fabulous Adventure	July 18-22
Once Upon a Time Dance & Theater	July 25-29
Hip Hop Dance Camp	August 1-5

ABRAKADOODLE ART CAMPS

Abakadoodle is the nation's leader in creative art education. In Abakadoodle programs, children learn about artists, techniques, artistic style, and use of media as well as art history, international styles and cultural background. The curriculum is designed by artists and educators and exceeds national standards. Sign up your child for Abakadoodle art camps and watch them shine! Campers should bring a beverage and nut free snack. www.abrakadoodle.com

Tuesdays

June 14 - October 25 3:00 - 7:00 p.m.
Shoreview Community Center
Lower Level Parking Lot
4580 Victoria Street North

The market is a weekly summer event that brings the community together featuring local fresh produce, hand-crafted artisan items, live entertainment and activities for all ages and much more!

Special Events

June 14 *Minute with Mayor Martin*

Take a minute with Mayor Martin and be the first in line to receive a delicious treat! It's her way of thanking you for shopping our beautiful market.

July 5 *Red, White & Blueberries*

Cool down with a yummy treat compliments of your market and a special thanks to our military who will receive a special gift by showing their military ID at the market manager's booth.

August 2 *Caramel Autumn Apples*

Who doesn't love a sticky gooey caramel apple? The Shoreview market will be giving away caramel apples to the first 200 shoppers!

September 6 *Hot Stuff Salsa Contest*

Enter our popular salsa contest! Winners receive a bountiful basket stuffed with ingredients to make great salsa. Drop off your salsa at the market manager's booth by 4:00 p.m. on day of market. Mark your salsa fruit/mild/medium/hot/fire. Judging will begin at 5:00 p.m. One entry per person in any category.

October 25 *Farewell Fall Festival*

Farewell 'til 2012! Stop by the market manager's booth for a farewell treat compliments of Neumann Farms!

Live entertainment at all special event dates!
